Forrest John/R6/USEPA/US From: To: Katharine Dowell/DC/USEPA/US

Katharine -

Thank you so much for the quick review and concurrence. The minor edit you suggested was anticipated. Please let me know when the TD is provided to the contractor allowing us to proceed. I've indicated to both the State and Tetra Tech (Ben Jessup) that once the TD is in place, I would proceed with arranging the first conference call among all of the parties....hopefully next week. While Ben Jessup will be on vacation next week, he will be in Corvallis, OR and will be stopping by the EPA laboratory for a conference call with myself and New Mexico staff in conjunction with an on-going project we have with him preparing a manuscript for publication on the topic of bedded sediment.

Thank you once again for the \$\$\$\$. We hope to make the most and best of it.

Cheers

Forrest B. John EPA-Region 6 Dallas, Texas (214) 665-8368 (214) 665-6689 (FAX) e-mail: john.forrest@epamail.epa.gov

Forrest, this looks fine to me. I believe we can wrap this up now.

One tiny comment, we could put a valid date in the 2d paragraph --currently it has a placeholder date of May x-- for transmision of this TD. We can do that here.

Thanks.
